Intro-

E C# C

Verse 1-

E C#

I'm so tired
of this old life
I can't make it
on my own

It's hiding
Inside me
I won't let it go
not today

Chorus-

Let's face it
I can't make it

Let's face it
I can't make it
On my own

Verse 2-

E C#

I haven't heard
Your voice today
I can't measure
All the pain

Only when it gets
To that place
I give up
All again
